Test of English for International Communication™ TOEIC® Listening & Reading

For more than 30 years and with more than 6 million of test takers each year the TOEIC® Listening and Reading test has set the standard for assessing English-language listening and reading skills needed in the workplace.

Context	The TOEIC® Listening and Reading certification offers a common standard for measuring and comparing language skills of non-native speakers in the workplace setting. The test content reflects real-world tasks and provides information that enables corporations to recruit, train and promote candidates and employees with the most appropriate skills. Academic institutions help their students enter the job market. Language schools give added value to their training programs. Individuals highlight their English skills on their resumé.
